

LOOTING OF STATE TREASURY

Discussed by Governor
Harmon at George-
town

HOT SHOT FOR HARDING

Republican Candidate Held Office
at Time of Grafting by
Machine Politicians.

Georgetown, O., Oct. 24.—There was a tang of autumnal crispness in the references made by Governor Judson Harmon to Warren G. Harding in his campaigning Saturday in the Sixth congressional district. Absolutely no attention was paid to the offer of Harding to retire from the ticket and take the stump for the governor if the chief executive could prove that he had a direct connection with the capital graft.

With a grim intellibility he repeated the circumstances surrounding the various disclosures and then added that while the looting of the state treasury was going on his opponent was four years a state senator and two years a lieutenant governor. To his several audiences of the day was left the summing up of the evidence and the returning of a verdict.

It was to thousands of farmers that Governor Harmon spoke in Clermont and Brown counties before leaving for his closing meeting at Loveland Saturday night. At this point nearly 2000 tillers of the soil sat in the amphitheater of the fair grounds and with rapt attention listened to his story of what he had been doing at Columbus and what he expected to do if re-elected.

At Bethel the town hall was packed to the doors and the windows were filled. To these representatives of the farming element he read the letters which showed the methods whereby the various state officials "went into office poor and came out bank presidents." They also heard the letter which proved that no bank could get a deposit from the state treasury until the politicians in that community had indorsed its application.

Their mirth was excited when he presented the intercepted letter from Canal Collector H. W. Myers of Deane, admitting that he was not collecting tolls, but was out in the country working up the farmers against Harmon.

Insisting that there was a conspiracy of silence among the Republican leaders to cover up criminal transactions at Columbus, he pounded home some of the accepted facts of the campaign. He did not charge that all the conspirators were grafters, but he did charge that those who are personally honest kept their eyes and mouths shut for fear of losing control of the Republican state organization.

In this connection he took occasion to jab his opponent for the now silenced demand that he the governor, cease suppressing evidence against canal graft. The discovery of the suppressed report of 1907 in the office of the auditor of state, made by Wheeler T. Wikoff, one of the regular state examiners, ended that yawp he said.

That report sustained in every detail the recommendations made by Chief Engineer James Marker that there was \$30,000 too much spent each year for useless employees on the lines of the canal system. On this matter of the "conspiracy of silence," he said this in detail:

"There certainly was a conspiracy of silence to deny and conceal official wrongdoing at Columbus. Nothing else can account for Senator Patterson's obstruction of the work of the senate committee in investigating the treasury graft; the denial by all the Republican leaders from Governor Harris down, that there was anything wrong; the failure to take notice of the Slater graft after it was set forth plainly in the official report of his successor in 1907; the suppression of Examiner Wikoff's report on the board of public works, which was just brought to light in the investigation caused by the Marker report; the failure to take steps to recover the enormous profits made by grafting with state funds until years after such grafting was known by state officials; and until I directed the attorney general to bring them ten months ago.

"This conspiracy of silence and inaction was doubtless not formed by outright agreement, but there was undoubtedly concert in conduct all along the line. Mr. Harding made many speeches and published a daily paper, but I cannot find a word from him to encourage the searchers after the truth.

"On the contrary, his voice was heard in the chorus of denial of wrongdoing until it was made too clear for denial. Then he tried to belittle the disclosures by calling them 'magnified misdeemeanors.' He

chose W. F. Huffman, president of one of the banks engaged in the looting of interest on public funds as treasurer of his committee after I had directed the treasurer to withdraw the regular deposit from that bank, which it had got by making the highest bid, because of refusal to give the treasurer information to which the public was entitled.

"These are some of the facts which have naturally connected Mr. Harding with the long delay in the uncovering of official wrongdoing which has made redress more difficult.

"But the chief cause of his disturbed state of mind is in his own most extraordinary statement at Kenton last month, in opening his campaign, that 'everybody knew' of the misuse of treasury funds by state officials, which was naturally taken to include himself, as he was senator for four years and lieutenant governor for two years, and that 'the knowing people of the state winked at the transgression' which could only mean that he 'winked at the transgression' like the rest of the 'knowing people.'"

GOVERNOR ANXIOUS FOR DEMOCRATIC LEGISLATURE AND TO CLEAN OUT STATE HOUSE

Loveland, O., Oct. 24.—Governor Judson Harmon reached Loveland on Saturday night at 9:30, being delayed because of an accident to his automobile.

He spoke to 800 people, who were crowded into the hall, and told them that the only way that the Democratic party can hope to do any vital good in Ohio is to have the legislature made Democratic.

He argued on this point for the majority of the 45 minutes he spoke.

He reviewed what he has accomplished and then he asked the audience of they thought any man could do any more with a rival legislature, with the lieutenant governor a Republican, with the attorney general a Republican and with the vast majority of the entire state house belonging to the Republican side.

"I mean to clean out the state house, and I promise you that the work has only begun," said Governor Harmon.

"There are many places where we should have clean Democratic men—the kind of men whom we have nominated to go before you and to ask for your votes. If these men are elected and if the legislature is made Democratic before the next session of the general assembly, we will have one of the greatest house cleanings in Ohio that the state has ever known. We want to give you a good government, but we cannot do so if we are only partially elected.

"Therefore, I charge you to vote the Democratic ticket, to give us a fair and square trial and then to see if we are not worthy of your confidence."

Has Hard Fight On in Indiana for
Re-Election—Liquor Question
a Big Item.

Indianapolis, Oct. 24.—Col. Roosevelt's recent assertion in Indiana that he had no fear as to the outcome of Beveridge's fight for re-election is not enthusiastically endorsed by local conservative politicians. The reticence of the voters is a puzzle. Most efforts to poll precincts have failed. A third of both parties refuse to commit themselves.

The liquor question is proving a big item and is having much to do with the makeup of the legislature.

INDIANA TRAGEDY

Lafayette, Ind., Oct. 24.—Martin Robinson, a farmer, is dead from bullet wounds, self-inflicted last night, after he had shot and killed three Elms and attempted to kill William Heston, whose attentions to the girl aroused his jealousy.

And, too, a soft answer turneth a man's head.

FORAKER'S INDICTMENT OF ROOSEVELT NEW NATIONALISM

Cleveland, Ohio, October 4.—The attack on Theodore Roosevelt by former Senator Joseph B. Foraker, in his great speech at Marysville, Ohio, on Saturday, has shocked the Republican leaders of the state.

The universal verdict is that the remarkable speech of Foraker has irretrievably split the Republicans and spelled disaster to the tremendous efforts of Warren G. Harding to reunite the scattered forces in this campaign.

The following are the extracts from Foraker's speech containing his indictment of Roosevelt and his doctrine of New Nationalism:

"We have lately had a new declaration of political principles. They are politically baptized as the doctrine of a New Nationalism. They are set forth in the nature of a platform for a new party. Possibly they are intended for that use only in the event that the distinguished author be not nominated for the presidency by either of the old parties.

ROOSEVELT'S ATTACK ON THE COURTS.

"However that may be, it is well to note that they violate our dual form of government by arrogating unto the national government the control of matters so purely local that they clearly belong to the jurisdiction of the states; they also authorize the courts to construe the constitution, not as the precedents require but in such manner as may be necessary to make it keep abreast with the spirit of the times.

"This proposition would be bad enough under any circumstances, but objection is accentuated when we remember that according to this same authority, the members of the supreme court are afflicted with a fossilized mentality.

"Aside from all other objections this new doctrine is as fatally at war with our institutions and as certainly destructive of them as any assumed or invoked in the name of the Southern Confederacy.

NATIONALISM AS TREASONABLE AS SECESSION

"Such a preachment is not nationalism, either new or old, but imperialism pure and simple. It is, in spirit at least, as treasonable as secession itself.

"The power it would give to the president of the United States would be far more autocratic and dangerous to the liberties of this people than are those of any monarchy in Europe.

BRYAN NEVER SUGGESTED ANYTHING WORSE.

"No wonder W. J. Bryan cries out in amazement against it! In his wildest flights he has never suggested anything approximating such a program.

AN INSUFFERABLE EGOTISM.

"It has one saving feature, however. There is about it all such a preposterous absurdity and such an insufferable egotism as to excite not only condemnation but ridicule. It is another case of vaulting ambition o'erleaping itself.

"It has dispelled illusions that had become dangerous. The people now better understand the author and know better how to judge what he proposes. They are not likely to longer regard him as an improvement on George Washington and Abraham Lincoln. There is ground for hope now that what he proposes will no longer be accepted as a matter of course, but only if found to be safe and sound. This will be better for him and better for us. It will lessen his multitudinous duties and stop the work of driving into retirement, as a reactionary, every great leader who does not subscribe on sight to his fantastic vagaries."

WHEAT KING

Says Political Corruption is Not
Caused by Business Men Offering Bribes.

Chicago, Oct. 24.—Political corruption is not caused by business men offering bribes, but by legislators who introduce bills and then offer bribes to defeat them. This statement was made yesterday by James L. Smith, who says that a board of trade bill in 1905 was the basis for several open offers from legislators to sell their votes against it. He says the board of trade of Chicago refused to advance a cent and the bill was beaten anyhow.

REPUBLICAN JUDGE THINKS HARMON WILL WIN

Mr. Clemens, Mich., Oct. 24.—E. H. Hinman, for 25 years judge of the probate court of Elyria, O., always elected as a Republican, is taking a vacation here and talking a little politics. He thinks Harmon will be elected. He said:

"I am a Republican and have won some hard-fought battles under the G. O. P. banner during the past 25 years, but I fear a Democratic victory this fall.

"Governor Harmon seems to have the lead in the race largely because of the breaks in the Republican party in our state. Should he win, as I believe he will, Governor Harmon will likely be the presidential nominee two years hence."

French Aviators Claim

WILL TRY NEW MACHINES

Several Are Equipped With 160
Horse Power Engines—
Wrights to Fly.

New York, Oct. 24.—The little Wright flyer made the first flight today and showed great speed. Brookins drove and said he had a cinch on the cup with it. Hoxsey and Johnstone in Wright bi-planes, Grahame White in a Farman bi-plane, and Frisbie in a Curtis bi-plane with Auburn and Drexel in Bleriot monoplanes started in the first hour duration making five flyers in the air at one time.

The speed of the monoplanes astonished the spectators, especially on the curves. It was announced today that the elimination trials would be divided into monoplanes and biplanes, the biplanes racing today.

When the guns signalling the end of the first hour was fired there were ten machines in the air. Count De Lesseps and Brookins were going up in spirals for the altitude prize and stayed up while the rest descended. Drexel won the first hour's race with 27 laps, with Auburn second. At 2:45 it was estimated that Brookins and De Lesseps were 6,000 feet up and still ascending.

Today's Program:
1:30 to 2:45 P. M.—Hourly distance and altitude, daily duration and fastest flight contests.
4 P. M.—Preliminary heats for the grand speed prize.
4 P. M.—Grand altitude flights.

Belmont Aviation Field, L. I., Oct. 24.—Although perfect weather conditions prevailed on the opening of the third of the great international aviation tournament, radical differences between the aviators themselves, promised to mar the sport.

Early today the wind which prevented yesterday's flights and wrecked the machines of Moissant and Grahame-White, was absolutely still, but quarrels between the foreign flyers and the committee in charge of the event made up in violence what the wind lacked.

The failure of the aviation committee to lay out a five kilometer course which would be over entirely level country without houses or trees had aroused the fears of the French aviators. It is over a five kilometer course that the coupe internationale d'aviation, the premier air event of the meet, was to be flown. The foreign flyers declared that the rules of the international society called for an untrammelled course on which they could attempt at any point with perfect safety. The five kilometer course at Belmont Park takes in nearly a mile and a half of country covered with villages and trees on which it would be impossible to alight with safety.

Moissant and Latham, members of the French team, in the high speed event are to compete in almost untried two horse-powered monoplanes. They are not absolutely sure of the stability of their powerful engines, which they admit have never been used in long distance flights.

Further discussion among the flyers as to the proper use of the wreckage of Moissant's Bleriot and Grahame-White's Farman machines yesterday. The aviators say the officials restricted them to the velocity of the wind was not twenty-five miles an hour, which as a matter of fact it was more than 30. The flyers accused the committee of attempting to deprive them of the opportunity to show their machines in the grandstand, where they were anxious to see a flight.

Three new flyers were scheduled to make their appearance on the field today. The most interesting was the new Wright racing machine. It is exactly one-half the size of the ordinary Wright machine, but carries a more powerful engine. The propellers are larger and the wings are of the new Duesenberg type.

The new Wright was built by Louis Latham and is an Antoinette, a two horse power monoplane. Eugene Ely has been selected as the tentative navigator of the new Duesenberg monoplane.

In the event that Moissant can follow a new path of wings to replace those of his smashed Bleriot, he planned to make flights today. Otherwise he will make no flights until tomorrow.

row when both of his machines will have been completed.

Grahame-White also has hopes that he would be able to complete repairs on his Farman bi-plane by this evening.

Tod Shriver, injured Saturday, is working night and day in an effort to repair his Black Devil bi-plane in time to enter the elimination races Wednesday. Shriver is still on crutches and has a broken nose in bandages.

THE ADVOCATE GAVE
EXCELLENT SERVICE.

The famous world's series between the Chicago Cubs and the Philadelphia Athletics is over, and fans of Newark were given the best opportunity they ever had of keeping track of a ball game at a distance. Realizing that Newark baseball enthusiasts were interested in the outcome of these games, the Advocate furnished the scores by innings to the fans, and aside from doing this, the paper gave them bulletin service of every inning and practically every play just as it was made.

The Advocate not only received telegraphic dispatches, but also long distance phone service from the United Press, and in this manner this paper was able to give every play the instant it was made, long before any other paper in the city. It was always the first paper in the city to announce on the streets and the only one the score, every half inning, on Sunday afternoon.

The Advocate is Newark's progressive paper. In sporting as well as other events, the Advocate has always led, and every effort will be made by it to give the people the first news that is accurate in anything that happens.

Oldfield Tomorrow.

New York, Oct. 24.—Friends of Jack Johnson will present him with a diamond studded belt just before he starts his race with Oldfield tomorrow.

They are unwilling to wait until after the race, because they think there may then be no one to accept it. Johnson says he will beat Oldfield or go through a fence trying. Insurance men call the fence a "bum risk."

SENATOR ALDRICH BETTER.

New York, Oct. 24.—It was announced today that Senator Aldrich was very much better.

REPUBLICAN REVOLT IS OVERWHELMING IN NEW YORK

New York, Oct. 24.—The Herald yesterday published the following: "A statewide and growing drift of Republicans from the ranks of the grand old party to the standard of John A. Dix, the Democratic nominee for governor."

Such is the political outlook in the important and unprecedented campaign now being waged in New York, based on a canvass made by Herald special correspondents.

In carefully prepared and unbiased reports from experienced men who sought information from all possible sources, for things stand out conspicuously in the New York state situation.

There is a revolt among Republican business men, bankers and manufacturers against the Republican nominee for governor because he is Mr. Roosevelt's candidate. His election, they assert, would lead to a presidential nomination of Mr. Roosevelt and consequent industrial and commercial unrest.

That there is a state wide and expanding defection from the Republican ticket is indicated beyond a doubt. Republican leaders not only recognize it, but say frankly that they are perturbed by it. It is noticeable in every county in the state, with the exception of a half dozen, where farming is the chief pursuit and prosperity and contentment perch over the doorway of every dwelling. In some sections it amounts almost to an uprising.

In New York City it has assumed proportions which alarm the Republican party managers. In Rochester, Albany, Troy, Schenectady, Amsterdam, Elmira, Binghamton and other cities—in every community where there is manufacturing—it has assumed proportions which alarm the Republican party managers. In Rochester, Albany, Troy, Schenectady, Amsterdam, Elmira, Binghamton and other cities—in every community where there is manufacturing—it has assumed proportions which alarm the Republican party managers.

AERONAUTS IN DANGER

At Mercy of Wild Beasts With

Abound.

New York, Oct. 24.—Relief parties are being organized to search in the Canadian wilds for Allen R. Hawley and August Post, the New York aeronauts who acted as pilot and aide respectively, of the America II, the only one of the ten balloons that started from St. Louis a week ago in the international race that has not been reported. Wm. Hawley, brother of Allen R. Hawley and E. L. Stoddard, an intimate friend, are on their way to Ottawa, following a dispatch from St. Louis last night stating that it was rumored that the America II, had landed north of Kiskiskim, Que. in the wilds of the St. Johns Lake district.

These men will conduct an expedition into the surrounding wilderness.

If Hawley and Post have landed, it is feared that they will still be beset with the greatest danger. The country beyond Kiskiskim is filled with wolves and other beasts of prey and neither of the aeronauts carried weapons. Daniel C. Nugent, one of the governors of the St. Louis Aero Club wired today to the Aero Club of America that he saw no reason for anxiety regarding Hawley and Post. "The fact that the Dusseldorf II, landed with 15 sacks of ballast," he said, "indicates that the America II, had at least ten sacks. Hawley told me just before starting that he would keep on going as long as there was any ballast left."

DUSSELDORF WON CONTEST.

St. Louis, Mo., Oct. 24.—The German balloon Dusseldorf II, won the international balloon race for the Gordon Bennett cup according to the revised figures of the St. Louis Aero Club today. The Dusseldorf reported Saturday night, the landing place being measured as 1240 miles from St. Louis. This beats the Germania, first reported the winner, by about forty miles, and Gerike and Perkins, the crew of the Dusseldorf, will be (Continued on Page 5, Col. 4.)

A pretty affair was given at the Harbottle residence in West Locust street Friday afternoon and evening. Dr. and Mrs. J. T. Harbottle entertained a number of their friends. The ladies spent the afternoon informally and were joined by the gentlemen at dinner at 6 o'clock. The evening was spent in playing progressive pedro, the prizes being captured by Mr. and Mrs. George Roley.

The guest list included Dr. and Mrs. Carl Evans, Dr. and Mrs. E. V. Prior, Mr. and Mrs. Merle Marshall, Mr. and Mrs. D. R. Kingery, Mr. and Mrs. Charles Maynard, Mr. and Mrs. F. S. Neighbor, Mr. and Mrs. George Roley, and Miss Maude Pigg.

Miss Sarah Curran of Bellaire, Ohio, the houseguest of Mrs. W. W. Wehrle, was the guest of honor at two tables of bridge whist with which Mrs. Carl had as its centerpiece a large birth-

day cake bearing thirteen candles. Dainty place cards seated the following guests, Olive Howard, Olive Baughman, Grace Moore, Marie Bell, Elizabeth Miller, Hazel Southard, Nellie Russell, Daisy Steinhart, Beatrice Stephenson, Mildred Lees, Adria Harrison, Mary Ryan, Grace Jones, Mary Simpson, Esther Robinson, Ruth Robinson, Inez Korb, Mary Carl, Ruth Hirst and Mildred Woodward.

In the evening various games were indulged in, one being a guessing contest in which the prize was awarded to Miss Grace Jones. The hostess was the recipient of many pretty gifts from her little friends.

The Philoxenia club was entertained Saturday afternoon by Miss Mary Balzer at her home in Elmwood avenue. The afternoon was pleasantly spent in sewing and music and at five o'clock a dainty repast was served to the following members: Misses Helen Banton, Mary Danter, Ethel Denning, Edna Hansberger, Bertha Hopp, Ocie Miller, Genevieve Yates, Katherine Stotter.

The club will meet November 5th with Miss Helen Banton.

Mr. and Mrs. J. E. Reed of Daniel avenue entertained at dinner Sunday the following guests: Mr. and Mrs. Frederick Jones, Mr. and Mrs. Alvin Jordan and daughter, Edna, Mr. and Mrs. Henry Richardson and daughter, Ida, Mr. Andrew Fry of Newark, and Mr. and Mrs. Lafayette Huff of Coshocton.

Mr. and Mrs. H. J. Johns, well known residents of this city, celebrated the twenty-eighth anniversary of their marriage at their home Monday in a very quiet manner. During the twenty-eight years of the married life of Mr. and Mrs. Johns ten children were born to them, eight of whom, seven sons and one daughter, survive. All were present at the celebration Monday, and a happy time was had.

HEART and HOME TALKS

by Barbara Boyd

Little Problems of The Home.

Contented Home-Life and Love.

THAT women are not so fond of domestic life as they were 50 years ago is patent to all. But isn't it because many think they must live domestic life as it was 50 years ago when now conditions all about them are changed?

Many a business woman gives up a good position with its activities and interests and settles down to the domestic routine because this is the accepted thing for a woman to do when she marries. But she soon begins to feel that she is bound to some inexorable wheel that goes round and round in a tiny, narrow space, and she looks out upon their many interests, a bit enviously. She begins to think married life a trifle monotonous and tame, that even if her days are full, they are just a bit colorless.

But is this state of affairs a necessary accompaniment of married life? Aren't women who find domestic life monotonous living only in one phase of it, and thus, themselves, giving it its drab tone, when it might have the lovely and varied hues of the rainbow?

Home-life and love make the heart rich and life full. There's no getting away from that. And if all else is sacrificed to securing these treasures, they are worth the sacrifice. But is the sacrifice necessary?

Because one must push a baby-coach is there the need to become a slave to the baby-coach as so many women do? When the baby is asleep, could they not golf, play tennis, go boating, do something for the other side of their life, and thus bring into it, life and color and zest.

dishes. Is it necessary to live in the atmosphere of the kitchen? One can think something beside the range or the cookbook. Between times, a current events class, a reading circle, or something to give food to some other side of one's nature, could claim the attention.

Domestic life has its cares, but one should not sink under them. Give the heart all the love possible. It is the food it needs. And it is the richest nourishment one can pour into one's life. It blossoms in many beautiful ways. But also give the mind and body its necessary food in the way of mental stimulus and physical recreation. To do this rounds life, develops it symmetrically, brings joy and satisfaction to every part of it. Domestic life will then be no longer tame and monotonous. Through its routine work will throb the anticipatory pleasure of these outside interests and activities. And through these outside interests and activities, the heart will always be hearing the sweet, beautiful undertones of love. And this will give to them an enjoyment that a woman without this melody in her life does not know.

If one is becoming discontented with domestic life because it seems narrow and monotonous, it is because one is making it narrow and monotonous. Open the doors and windows and let the hum of the outside world in. Go out into the world as far as you may, into its life. Do not be all domestic, nor all worldly. Then you will have the richest and happiest life this old world knows.

Sour Milk Griddle Cakes. Beat two eggs very light without separating and add to them two cupfuls of thick sour milk, to which has been added one teaspoonful of soda dissolved in a spoonful of boiling water. Stir in quickly one-half of a teaspoonful of salt, one tablespoonful of molasses and one tablespoonful of melted butter. Beat hard for a moment and bake at once. Unless the milk is very sour and the chemical action of the soda on it marked by a thorough foaming, it is well to add one-half of a teaspoonful of baking powder in order to overcome any tendency to heaviness.

DRIVES A COLD OR THE GRIPPE FROM SYSTEM

You can surely end Grippe and break up the most severe cold either in head, chest, back, stomach or limbs, by taking a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

It promptly relieves the most miserable neuralgia pains, headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, mucous catarrhal discharges, running of the nose, soreness, stiffness and rheumatic twinges.

Take this harmless Compound as directed, without interference with your usual duties and with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25 cent package of Pape's Cold Compound, which any druggist in the world can supply.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

utes, cover and set aside until light. Add three eggs, well beaten and one-half of a cupful of butter creamed with one cupful of sugar. Mix thoroughly, set aside until risen a second time, then sift in sufficient flour to make a soft dough. Knead for five minutes, cover and set aside again until doubled in bulk, then roll out on a well floured board. Cut into thin rounds. Have ready about two cupfuls of seeded raisins or any preferred fruit; put a teaspoonful on each round, wet the edge, cover with a second round and press the two together. Let stand for twenty minutes, then drop, a few at a time, into smoking hot fat and cook until golden brown. Drain on unglazed paper and roll in powdered sugar.

ICE BOATING ON BUCKEYE LAKE

There will be ice boating on the lake this winter if after the improvements that are planned have been completed enough water can be fed in to raise the level so as to make the sport safe. A number of ice boats will be built and a series of events are being arranged. With the introduction of ice boating the 'The Great Playground of Ohio' will have even greater charms for the lake frequenter, who is only waiting for something to call him to the country during the good old winter time—Buckeye Lake Breeze.

A man's wife may agree with him much better than her cooking.

The leading New York and other Eastern newspapers, that have staff correspondents in Ohio, writing up the campaign, all admit that the state will go for Governor Harmon. The only difference in their predictions is the size of Governor Harmon's majority.

ALL TRIED OFFICERS

The County Commissioners office is the most important in the county from the tax-payers point of view. The Democrats have on their ticket three men who have been tried and who have not been found wanting in all the qualifications that go to make a good commissioner. They have, in addition, always managed their own affairs honestly and successfully and have the implicit confidence of their neighbors. They can be trusted with the public business.

CONFESSION OF THE VITAL ISSUE

The Ohio State Journal gives a very descriptive account of the political situation in the different congressional districts of the state. In regard to the 17th district the Journal says:

General A. B. Critchfield, the Republican nominee in the Seventeenth, hasn't had appendicitis, but also has made no campaign, devoting his whole time to Senator Dick's canvass for the senatorship. Congressman W. A. Ashbrook will be re-elected.

Wm. A. Ashbrook will not only be elected, but how much his majority will be above 7,000 is the only question.

The Journal's statement that Critchfield, the Republican candidate, so well known as a boss stand-patter, is "devoting his whole time to Senator Dick's canvass," should be appreciated and properly understood by Democrats whose votes are solicited by certain parties for the Republican Legislative candidates. The vital issue is Dick.

REPUBLICANS PANICKY IN NORTHERN OHIO

The fright among the Republican bosses of Northern Ohio is greatly augmented by the remarkable slump in the registration of the city of Cleveland, which is only 73,000. The registration in Cincinnati, which is admitted to be strong for Harmon, is 84,000. By the same ratio as to population, Cleveland should have a registration of 124,000. This makes Cleveland's registration slump equal to 51,000, which means a great Republican loss.

Then there was Foraker's denunciation of Roosevelt at Marysville last Saturday that has thrown the so-called Republican Progressives of Northern Ohio, headed by James R. Garfield, into a demoralized political panic.

All of which means that the great political tidal wave is spreading with increased force for Governor Harmon.

An X mark after their names on the canal payroll is the only evidence Engineer Marker was able to find that six men had ever worked for the state on the Ohio canal. The same hand had signed all the names. It is claimed in defense that the men were roustabouts and cannot be located now. The people will draw their own conclusions.

Just remember, Mr. Taxpayer, that Governor Harmon wanted the tax limit fixed at ten mills, or 1 per cent, and the Democratic platform declares for that limit. The Republican legislature fixed the limit at fifteen mills and left the local boards of review in control of the state Republican machine. If you get the limit of taxes on the new valuation at the market price of the property you should know where to place the blame.

Here is a letter from a canal collector, which has just fallen into Governor Harmon's hands and was read by him during his speech at Steubenville, Thursday night.

"Mr. Diehl, Sect.—I can't collect tolls without watter in the canal, but I can do good work for the Republicans in the country. I am out most every day among the country men. I want to see that man Harmon beat so bad that he will go home and soak his head. Yours truly, H. W. MYERS, Collector."

The man who wrote this is employed by the Board of Public Works and during the whole of last year collected just \$325.54, for which he drew from the State Treasury as salary and expenses, \$428.83. Senator Clevenger told the Granville Republicans the other evening that graft is not a party matter, but what under the sun is it but party graft when the Republican Board of Public Works pays a man over \$400 of public money to collect \$300, while the man reports to his official superior that he is using his time out among the farmers trying to defeat Harmon? Friday's Cleveland Plain Dealer has a long statement from a Republican of high standing as a civil engineer, for six years county surveyor of Cuyahoga County, in which he asserts that he went to Governor Herriek, early in his term, and told him of the rottenness in the canal management, but Herriek gave him no satisfaction and took no steps whatever to stop the dishonesty. Later on he went to State Auditor Guilbert and was told in effect to mind his own business. His conclusion is, "Graft has been present in these State public works transactions for a decade and I am glad that Governor Harmon is driving it out. He is dead right in this canal investigation from start to finish. I am a Republican and have been one all my life, but I am going to vote for Harmon, for I believe he is capable of cleaning up the state as no one else can do." There are some men who have good reason for wanting to see Harmon defeated. The attorney for Cameron and the estate of the late McKinnon, men against whom suits are now being prosecuted to recover over \$400,000 of graft from interest on State funds, was gloating in Columbus the other day over his belief that Harmon would be beaten. Of course that means his belief that with Harmon defeated he would have a better chance to retain that \$400,000 for his clients. Of course the canal collectors who get \$400 for collecting \$300 want to see him beaten. But there are thousands and thousands of good Republicans who do not want to see him beaten until after the doors of the penitentiary open to receive a lot of the grafters upon whose trail he is now pressing. And these Republicans are not going to be drawn back into line by a candidate who has no better sense of truth or propriety than to go around the state bawling out to his hearers that Judson Harmon "is a hypocrite."

NO "WATTER" IN THE CANAL

Collector Myers says he can't collect water rent because there isn't any "watter" in the canal, and so he has his time free to be running around among the farmers trying to "beat" Harmon. He has not found any difficulty in collecting his salary, however. The people of Ohio are beginning to realize that there would be more water in the canal if there was a little less water in the canal pay-roll. The State Board of Public Works could have cleaned the graft out of the canal management any time they chose, but they did not choose. Just as soon as Harmon had a chance to get an officer into that department, the rottenness was uncovered. It was the sworn duty of the Board of Public Works to see that everything in their department was economically and honestly done. Instead of doing that duty they have allowed it to be wastefully and dishonestly done. George H. Watkins, a member of the Board, is on the Republican ticket. He has been in the office for two terms already, while the rottenness and incompetency which has been exposed was going on. If he is re-elected it will be to his own interest to cover up every bit of the rottenness which he has allowed, if he possibly can. Joseph A. States is the Democratic candidate. If he is elected the one thing which will be most to his interest will be to expose this rottenness to the very bottom. Which are you going to vote for, George H. Watkins and a white-washing over the old rottenness, or Joseph A. States and a thorough scrubbing? Water in the pay-roll, or water in the canal?

All talk of the compulsory arbitration law seems to have been given up by the head of the Republican state ticket. As the campaign has progressed one position after another has had to be abandoned in the hope of a stronger defense.

HARDING THE STANDARD OIL CANDIDATE FOR GOVERNOR

State Oil Inspector Finley rendered his first full quarterly report to the Auditor of State Wednesday, October 19. The report covers the months of July, August and September.

The net revenues of the department for the quarter ending September 30, as evidenced by the check transmitted to the State Auditor, were \$17,463.93.

The net revenues of the department for the quarter ending September 20, 1909, under the administration of the Republican boss, Phipps, were \$14,700.61.

This shows a net gain for the department over a similar period last year of \$2,763.32. The business of the department is now being transacted by 40 deputies and one clerk as against 54 deputies and two clerks employed under the former administration.

An official report like that knocks all the wind out of Mr. Harding's attempt in his mud-slinging campaign to make it appear that Finley is a grafter. There was never a greater falsehood told than Mr. Harding's misrepresentations of Finley's record as oil inspector. Mr. Harding knows his statements about Finley are false, because Finley exploded them a year ago when Phipps sent the same kind of malicious misrepresentations broadcast in the hope of preventing Finley's appointment by Governor Harmon to succeed him—for Phipps wanted to hold on.

At that time a number of Republican papers denounced the attempt to vilify Finley. Mr. Harding's repetition of these falsehoods, under such circumstances, shows the unprincipled character of his mud-slinging campaign. And it shows another thing. It shows that he is the Standard Oil candidate for governor.

[Harding's false assertions about Finley were completely answered by Governor Harmon in a speech at Ravenna, in which the governor said: "I stand by W. L. Finley as an honest man." What is there in this discussion about Finley? Nothing but base libel.

Finley is being villified for going to the front for Attorney General Wade Ellis as a star witness in action against the Standard Oil Co. As a result of his testimony the oil inspector's department was threatened with disruption.

Upon the written advice of Wade Ellis, Mr. Finley conducted his department as best he could until the legislature met, the lame law was corrected and the department put on its feet.

But the fact is that Finley returned to the state treasury more money than was ever returned by an official at the head of his department.

Therefore, by taking up the grievance of the Standard Oil company because Finley's testimony enabled Attorney General Ellis to win the only suit Ellis ever won against a trust, Harding has betrayed himself as the Standard Oil candidate for governor.

CONGRESSIONAL FORECAST

The New York Herald's third Congressional forecast shows a gradual but steady stiffening of the Democratic cause. The apportionment of the doubtful districts between the two parties continues. In the first forecast there were 118 of such districts, in the second 90 and now 61. With each division the Democratic lead over the Republicans has increased. The significance appears unmistakable. The Herald's last figures are: Democrats, 179; Republicans, 150; doubtful, 61.

A tariff of 71 per cent. on high-priced wool blankets and 165 per cent. on cheapest blankets, yet the price of wool for the farmer, who grows it, is dropping. If that sort of Republican protection is kept up the farmer will see his wool-growing business protected out of existence and the people who want blanket's will see where their money goes.

It will not be necessary to build an addition to the "pen" to hold grafters in case Harding is elected. That will be a saving which some will urge.

MRS. SCHINDEL STARTS A SUIT FOR A DIVORCE

WIFE OF FORMER MINISTER OF
NEWARK MAKES SERIOUS
CHARGES.

Misconduct, Abuse, Drunkenness and
a Co-respondent Are Accused.

Kansas City, Mo., Oct. 21.—Mrs. J. C. Schindel, wife of a former minister of Newark, Ohio, has commenced divorce proceedings in circuit court here. In the petition, Mrs. Schindel alleges misconduct, drunkenness, abuse, desertion and the custody of their child, Jacob S. Schindel, aged eight years.

In the divorce petition it is stated that the marriage took place in Selingsgrove, Pa., September 1, 1901, and that she came to Kansas City from Ohio about a year ago. They lived together until last July when Mrs. Schindel learned that her husband was disregarding his marriage vows.

The petition hints that testimony is to be introduced regarding the actions of the co-respondent and Mr. Schindel in a house at 801 Cleveland avenue last August and that when this was discovered the minister caused to be printed falsely in a newspaper that the woman was his daughter by a former common law marriage.

After this Mrs. Schindel asserts her husband deserted her and has refused since to support her or the child.

James C. Schindel was rector of the ministry of the First Lutheran church last summer after rumors of a woman who met the minister in his vestry and in church. Mr. Schindel did not attend the hearing or offer any defense. A few days ago the Lutheran synod which met at Lawrence expelled the preacher from the ministry of the Lutheran church.

On October 3 the Advocate published a message from Kansas City referring to the Schindel trouble. The feature of which was the revelation that the woman in the case was the minister's daughter, Mrs. Reynolds, and that Mr. Schindel had endured the disgrace he had been subjected to rather than disclose the real facts in the case. There were several obscure features to the story and the Advocate sent a long telegram to Mr. Schindel asking him to explain certain matters that were not made clear in the Kansas City press dispatch. At the same time the Advocate wrote Mr. Schindel a letter explaining in detail the apparent discrepancies and asked him to telegraph this newspaper a full statement of the case. No reply has been received either to the Advocate telegram or the letter. The message was not reported undelivered by the Western Union Telegraph company and the letter has not been returned to this office. It seems probable therefore that both the telegram and letter reached their proper destination.

The statements made in the foregoing Kansas City dispatch are almost unbelievable to those who know Mr. Schindel intimately. While in Newark Mr. Schindel was a prominent figure and he numbered his friends by the hundreds. A brilliant, well educated man, a splendid speaker and a good student he was also kind hearted, generous to a fault and ever ready to lend a helping hand wherever he was needed. The Kansas City dispatch published in this connection will cause not only a sensation but to those who know Mr. Schindel well it will be a matter of very deep sorrow.

awarded the cup unless the America is found at a point further away than the Dusseldorf. Louis Spindler, commissioned by the local Aero Club to organize a relief party to search for Hawley and Post crew of the America II, left here yesterday and will arrive in Toronto late today. Reports of the landing of the balloon have not been confirmed.

Perkins said no other balloon had been sighted by the Dusseldorf crew.

"If the America II went on north from Kiskadee the case is hopeless as we are as far north as the railroad goes," Perkins wired. "For the last 600 miles we saw no trace of civilization until we landed at Lake Kiskadee."

St. Louis Mo., Oct. 24.—A telegram from Thompsonville, Mich., received this morning by Albert B. and Lambert president of the Aero Club of St. Louis, contains information relating to Alan R. Hawley and Augustus Post.

tus Post in the missing balloon, America II.

Toronto, Ont., Oct. 24.—Up to noon today none of the provincial government departments had received any definite word about the missing racing balloon, America II, from St. Louis. It is believed, however, that the America came down in the wilds of the Algoma, and not in the Lake St. John region, Quebec.

Supt. Rogers of the Ontario provincial police, said today:

"It is feared the America came down between Lake Huron and the C. P. R. R. or between the C. P. R. R. and the new Grand Trunk Pacific line far to the north. In either case is a dense, primitive wilderness, and the only hope the balloonists would have of securing succor would be from Indians or lumber men. Nevertheless, our men have instructions to use every effort to reach them. Two of the provincial police paddled 16 miles in the hope of rendering aid to the Azures crew near Biscotasing, Ontario."

HOCKING WRECK WILL BE PROBED BY OFFICIALS

Lester Redding, who was injured in the Hocking Valley wreck near Harper, Wyandot county, spent Sunday and Monday in this city. Mr. Redding bears marks of his terrible experience and states that the scene was heart-rending, the groans and shrieks of the injured being almost unbearable. He states that the most pitiful thing about the occurrence was the fact that although the relief train arrived from Marion about 12 o'clock yet it was held at the little country station until almost six o'clock before the injured were removed to a Marion hospital.

C. E. Stauffer, 61 Moulton street, received a card Sunday from his wife, who was injured in the wreck, and the card said that Mrs. Stauffer was getting along as well as could be expected. She is confined in Sawyer's Sanitarium, and while she escaped with no broken bones, yet her condition is serious, owing to an injury to her spine which has affected her left side. However it is expected that with treatment she will recover fully from her injury.

In a signed statement, issued yesterday, C. C. Jenkins, engineer of the wrecked train, says that neither he nor Conductor Willshire can be held accountable for the wreck on the ground that they, contrary to orders, permitted the train to go faster than the speed limit over poor track, and points out that the train at the time of the wreck, was not on the part of the track over which crews had been ordered to go slow.

With the exception of two persons, Mrs. David Thompson of Leroy, Kan., whose husband died from injuries in the wreck, and who herself suffered a broken back, and Mrs. Eva C. Whelan, aged 39, of Detroit, also suffering from a fractured spine, the wreck victims showed signs of improvement, yesterday. At the Sawyer Sanitarium, Marion, where the victims are being cared for, it was said last night that Mrs. Thompson and Mrs. Whelan probably would die. How was entertained for the recovery of all the 12 others, who are still in the hospital.

It has been announced by the Ohio state railroad commission that it will begin an investigation into the cause of the wreck. The first hearing probably will be held Thursday. Coroner

Restored to Health by Vinol.

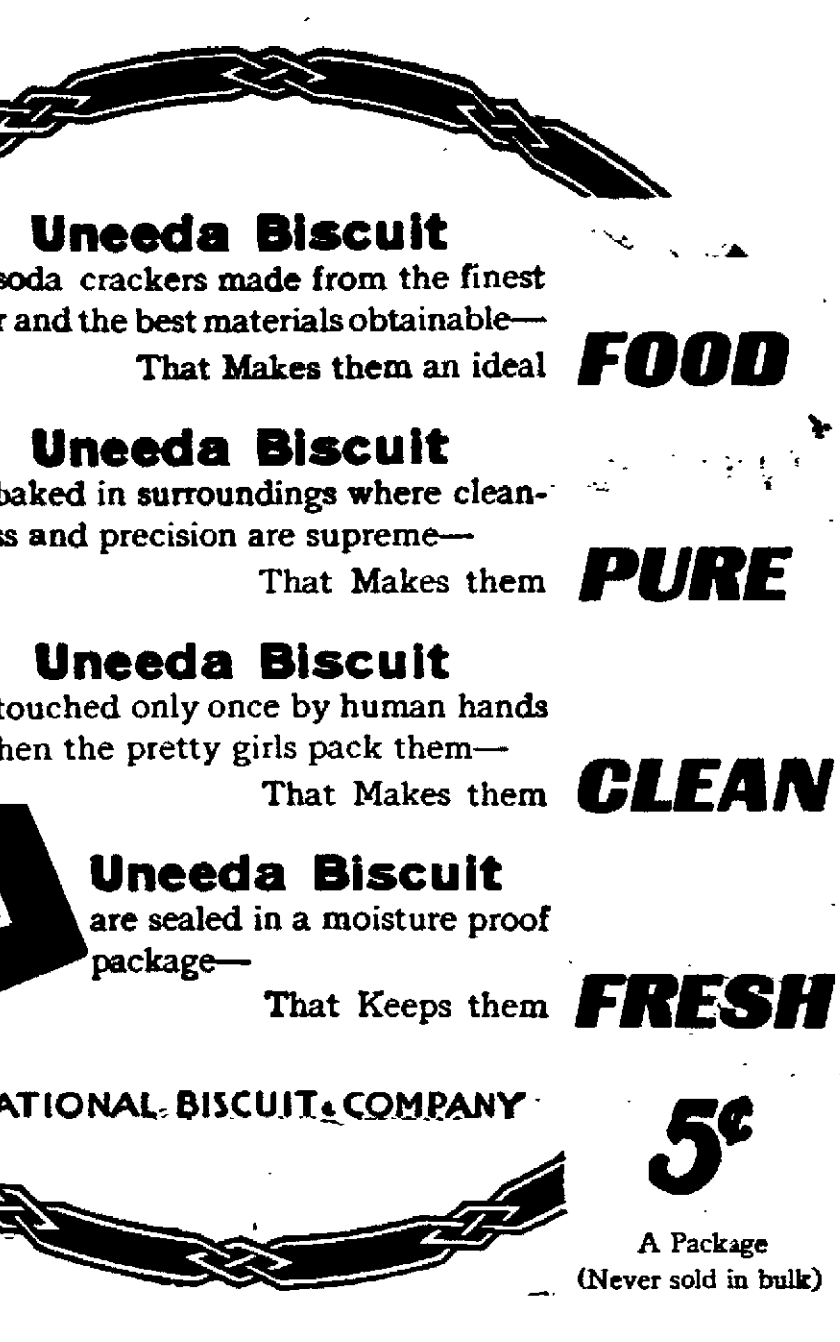

Rev. Dr. Schneider, who is a well known minister in Rice Lake, Wis., writes:

"I had a very severe stomach trouble last year, from which I was kept in bed three months. I had engaged the services of a doctor, but to no avail. I then read of Vinol and determined to try a bottle. Before it was used up I was out of bed, and four bottles made me a well man. Vinol is a splendid medicine and I can gladly recommend it."

Prominent men from all over the country do not hesitate to endorse this wonderful tonic.

For twelve years Vinol has been sold on the "money back" plan and every year strengthens its popularity and proves by continued tests that it will do what we claim for it. F. D. Hall, druggist, Newark, O.

God's Message of Comfort To the Jews

"Comfort ye, comfort ye my people, saith your God. Speak ye comfortably to Jerusalem, and cry unto her, that her warfare is accomplished, that her iniquity is pardoned: for she hath received of the Lord's hand double for all her sins."—Isaiah li. 1, 2.

rael, extending that blessing to every nation.

One King, but Two Kingdoms.

It has escaped Christendom in general until now that the Divine promise to Abraham is to be fulfilled through two Seeds—one a heavenly class, the other an earthly class, with Messiah the Head over all. For eighteen centuries God favored the Seed of Abraham, the nation of Israel. Chastisements they had, reproofs in righteousness; yet in all that time they had also Divine favor, as represented in their Law and in the Prophecies and in the privileges which came to them under the Law Covenant, in that they had an annual Atonement Day, which continued to them Divine favor. That period of favor, explain it how we may, began to wane about the time of Jesus' death. It was completely removed from them in the desolation of their land by the Roman army A. D. 70. Now a parallel time has been reached, as stated in our text. Hence it is time for the return of God's favor, as here mentioned. The favor already is returning.

The Jew has not been so comfortable, nor so favorably fixed as he is today, in more than eighteen centuries. But his blessing is only beginning. Shortly Divine favor, in God's due time, will accomplish for his Chosen People all the precious promises of the Law and of the Prophecies. Already the Jew is awakening to a realization of this great Truth. Zionism, which started as a political movement, is about to bud and blossom into a religious movement and the blessing of Divine Providence will so order their affairs.

The words of the Book, the words of Divine promise, so long read ignorantly and blindly, are about to become luminous and constitute the light which will direct them in the ways of the Lord—leading on to the rehabilitation of Jerusalem and to the attainment of loftier ideals amongst the Jewish people. A voice is sounding from the wilderness, and the Jews everywhere are hearkening to it. It does not call them to become Christians, but to remain Jews and to realize, as Jews, the ideals set before them by the Lord in the Law and by the Prophecies. To all those exercised thereby a great blessing is near, which will more than compensate for the sorrows of the past. Neither by sword, nor guano, nor dreadnaughts, neither by flying airships, nor torpedoes will Israel's great victory be won, neither by money power and worshiping of the golden calf of finance, nor by trusting in the arm of flesh, but by looking to the Lord, from whom will come their help.

Messiah's Spiritual Empire, about to be established, will bind Satan, restrain every evil and lift up a standard for the people, blessing Israel and establishing with them the New (Law) Covenant—instead of the Old Law Covenant—under the better Mediator, still more capable than the great Moses; under the greater King, still more wise than Solomon and still more beloved of God than David. This great Celestial Empire will be established with great authority in the world by a time of trouble, a time of earthly distress, which the prophecies picture as terrible—a short reign of anarchy. Jews and Gentiles will be responsible, rich and poor, for the bringing to pass of this awful trouble, by reason of the selfishness which at present is governing the world and which will be used of the Lord to wreck our present grand civilization—grand at least on its surface and in its aspirations and pretensions. A Socialistic artillery of words and ecclesiastical bonds of similar nature will only aggravate the strife. Financial weights and levers will have much to do with the great crash of the forces of civilization in this near-approaching cataclysm of trouble, in which the reign of sin, iniquity, injustice, selfishness, shall forever fall to rise no more; and the present religious systems also shall be found wanting and pass away. For these old systems, symbolically the heavens and earth of the present time, will be substituted the New Heavens and the New Earth—the Church glorified beyond the veil as the Bride of the great Messiah, and Society on earth reorganized, will constitute the New Earth, wherein will dwell righteousness. The transition will be but a momentary ordeal, as compared with the glorious eternity of blessing under Messiah's righteous supervision. "He maketh wars to cease unto the end of the earth."

Israel's Hopes—Why So Delayed?
The perplexing thought with our Jewish friends, as well as with Christians, is, if these things be so: if Messiah's Kingdom is yet to be established, as the Jews contemplated, only on a spiritual plane instead of an earthly one; and if God's purpose is to use those anciently favored people as the channels of his blessing in the future, why has there been so long delay?

We answer, This is what the Scriptures term *The Mystery*—the matter which God did not reveal directly, either to Abraham or through any of the Prophets. Indirectly he hinted at

it, saying to Abraham, "Thy Seed shall be as the stars of heaven, and as the sand of the seashore for multitude." But Abraham did not discern, nor did others, that these two illustrations belonged, not to the same people, but to two different Israelites. The earthly promises belonged to natural Israel. Eventually all mankind, blessed under the Messianic reign, will become Israelites—of the Seed of Abraham. Thus Abraham's "Seed shall be as the sand of the seashore for multitude." And they must all have the faith of Abraham and his obedience, ere they can reach perfection as members of his Seed. First in the order of blessing will come the Ancient Worthies—Abraham, Isaac, Jacob and all the Prophets and holy ones of the past. These will be raised from the dead by the power of God—not imperfect and fallen, but perfect; fully up to all the glorious ideals of their minds aforetime. This will be their reward for having walked by faith and not by sight. Thus we read, Instead of being the fathers, they shall be the children, whom Messiah will make princes in all the earth—his representatives in power, in rulership, in authority (Psalms xiv. 16). At that time the blessing shall return to Israel that has been taken from them for more than eighteen centuries—God's special favor. Under their New Covenant they shall be blessed; their eyes shall be opened; "they shall look upon him whom they pierced;" they shall mourn for him; they shall rejoice in him. They will say, This is our ruler. We have waited for him, and he will save us (Zechariah xii. 10).

Crimes Committed in Jesus' Name.

With shame true Christians must admit that most atrocious crimes were committed in the name of Jesus during the "Dark Ages." Worse than that! The horrible misrepresentation of all that the name of Jesus stands for still continues. Witness, for instance, the injustices practised in the name of Christianity against the Jew in Russia for years past, and in various nations in remoter times. Witness the fact also that only two months ago the so-called Christians of Roumania acted like veritable demons toward their Jewish neighbors. Well-authenticated accounts tell that the Jewish cemetery was despoiled. Many of those buried within the two preceding months were dug up and the putrid and mangled corpses thrown on the steps and in the door-yards of their families. Can we wonder that the Jew has come to have a hatred for the word Christian and for the name Jesus?

The name Jesus, as is well known, is but another form for Joshua, which signifies Deliverer. The name Christ is the Greek equivalent for the word Messiah. Every Jew, rightly informed respecting the character and the teachings of Jesus, is bound to respect him and his immediate followers as amongst the grandest Jews that ever lived. They must not be judged according to the perversion of their teachings, so common amongst Christians. And it should not be forgotten that while the masses of Christendom have misrepresented their teaching, doctrines and practices, there has been throughout the entire age a saintly few who have closely followed in the footsteps of Jesus.

In my preaching I do not urge upon the Jews to become Christians; but I seek to hold forth the Divine standard for them and to assist them to get ready for the fulfillment of the glorious promises which are theirs. That the due time for the fulfillment of these is at hand is the comfort we offer them, in harmony with our text. The Prophet declares that it will be after their return to their own land, and after the great time of trouble which is now impending upon Christendom, that the Jew will recognize that the great Messiah of glory, the great Michael of Daniel xii. 1, for whose Kingdom they have been waiting, is none other than the "Man Christ Jesus, who gave himself a ransom for all men" eighteen centuries ago. God will then blessedly open their eyes of understanding. As The Prophet declares, "They shall look upon him whom they pierced;" they will then see the identity between the Jesus who was sacrificed for the sins of Israel and the world and the Messiah of Glory, whose Kingdom will use Israel in the blessing of the world.

Meantime, what has God wrought? Ah, this, again, we say is the Mystery! Here and there from Jew and Gentile, saintly characters have been sought and found by the preaching of the message of Christ, even though that message frequently was dimmed by earthly imperfections and blemishes—by erroneous representations. Those saintly ones will be shamers with Messiah in Divine blessings on the spirit plane, mentioned to Abraham under the figure that his "Seed shall be as the stars of heaven." But under what conditions do these attain a spiritual inheritance like unto the angels and far above them? We answer that the spirit nature is the divine reward of a special obedience. Our race was not created on the heavenly plane nor for a heavenly nature; but of the earth earthly. And its salvation from sin will bring it to the full perfection of human nature and to the full enjoyment of a world-wide Eden. The Spiritual Seed of Abraham is to be composed of Messiah and the Elect Little Flock of saintly foot followers. The price of their exaltation is their consecration unto death and faithfulness to that Vow. These are the Jewels mentioned by the Lord to the Prophet—"Gather together my saints unto me, saith the Lord; those who have made a Covenant with me by sacrifice." "They shall be mine, in that day when I make up my jewels."

GRANVILLE BOY SNEAKED MONEY FROM THE STORE

A thirteen-year-old boy robbed the Case Bros. candy kitchen in Granville, Sunday morning, and secured \$36.80 from the cash register. He was later nabbed in Newark and \$26 recovered by the police. The boy helped the proprietors of the store to sweep out, and when they locked up to go to church he slipped the catch on the back door. When the coast was clear he gained entrance to the place, secured the money and hired a man to drive him to Newark. Upon his arrival here he was joined by a youngster from Central City. Captain Swank arrested him near the interurban depot and held him at police headquarters until the marshal of Granville arrived and took him home. The boy stoutly protested his innocence at first but later confessed and told where he had left the money. His hearing will be held before Mayor Barnes tonight.

THE ORPHEUM.
The J. J. Lewis Comedy Co. presents a comedy show that is clean, moral and refined—a show that makes the public laugh. "Dr. Dippy's Beauty Parlors" is the comedy for the first half and Barry & Fay's original production of "Muldoon's Picnic" for the last half of the week. If reports of the press of nearby cities are any criterion, we will have one big week of good shows for the patrons of the popular Arcade theatre.

This company carries 14 changes of costume, with comedy in abundance. To see this show is to laugh and a good laugh is worth more than

TELLS HOW TO MAKE A PINT OF LAXATIVE COUGH SYRUP VERY CHEAPLY AT HOME.

The reason that most all cough syrups are ineffective is that the ordinary preparations are very constipating and after awhile they aggravate the congestion and bring on fever and pneumonia. To avoid pneumonia the bowels should be laxative and the cough will soon be overcome.

The finest acting, most pleasant tasting and laxative cough syrup can be made at home by any one. Obtain from a well stocked drugstore, 2-1/2 ounces of essence mentho-laxene, empty it into a pint bottle. Make a syrup with a pint of granulated sugar and a half pint boiling water; stir and let cool. Then fill up the bottle with syrup. Shake it well and take a teaspoonful every hour or two until the cough is cured. This is the quickest acting and surest cough remedy ever conceived. All wholesale druggists and most retail druggists sell essence mentho-laxene.

Fresh in every climate: Hot or cold, wet or dry.

Adapted to every condition: Rich or poor, sick or well.

Suited to every color: White, black, red, yellow.

Used by every age: Childhood, youth, manhood, old age.

Good at all times: Breakfast, lunch, dinner, supper.

And in all places: At work or play, by day or night.

WHAT THE PLAYER SCRIBES SAY OF SERIES.

George Mullin, in New York American: Mordecai Brown appears to have lost his cunning. Brown and the Cubs seem to have outlived their greatest usefulness.

Ty Cobb in the New York World: The pitchers were the issue in this great baseball campaign and when it came to the crucial tests the Cubs were found woefully lacking in that department.

A. C. (Pop Anson) in the New York

Herald: The better team won. Of that there was no doubt in the mind of any fair man who saw the stirring battle of Sunday.

Arlie Hoffman in the Chicago Tribune: They beat us and beat us fairly—because we could not hit their pitchers as well as they hit ours.

Fleider Jones in the Chicago Tribune: The Athletics deserved to win the title for their all round playing was superior to that of the Cubs.

Doc White in the Chicago Tribune: The better team won.

Hugh Fullerton in the Chicago Examiner: Pitted against the Cubs was a re-arranged and changed Athletics team—and two umpires. Mack's men played the Cubs off their feet, beat them, and they deserve the victory. The umpires only dimmed the brilliancy of their feat.

Joe Tinker in the Chicago Examiner: We did our best, but our best did not begin to compare with the Athletics best.

Charles A. Comiskey in the Chicago Examiner: The Cubs can consider themselves fortunate in winning their game.

The Athletics were given a rousing send-off when they took their special train at the union station last night. But it was the American league fans who did the rousing. The Cub fans had gone home to tell how it happened.

A band of Chief Bender's tribesmen lived up things with lusty war whoops. The crowd of several hundred persons took up the cry and the last impression the new world's champions had of Chicago was a howling mass of humanity. Connie Mack smiled as he had not smiled all season and became so excited just as the train pulled out that he talked nearly thirty seconds, establishing a new record for himself.

NEWARK HIGH SCHOOL 24.
ZANESVILLE HIGH SCHOOL 0.

Newark high school defeated the Zanesville high school Saturday afternoon by a large score, 24 to 0. It was a great victory for Newark against her old rivals. Newark's goal line was never in danger and the boys outplayed Zanesville at every stage of the game. The only time Zanesville gained ground was on a neat little forward pass.

Newark made one touchdown the first half and came back the second half, especially the last quarter, and scored at will against Zanesville, securing three touchdowns in the last two quarters showed that the team was trained and was in perfect condition.

Brown, the little Newark quarter, played the best game, making several sensational runs. Ashley took and kept tore Zanesville's line to pieces on their hard, low pinnages. The line men played low and stopped the Zanesville men before he got started. For Zanesville Emery, Kuhn and Marasin played the best game.

Newark high has a fast, clean team this year and every man plays the game, being stronger at the finish than at the start. Line-up:

NEWARK ELKS WILL HOLD A LODGE OF SORROW

The Lodge of Sorrow of Newark lodge, No. 391, B. P. O. Elks, will be held in the Auditorium, Sunday evening, December 4, at 8 o'clock, and an interesting program has been arranged by the committee in charge. Every year, the first Sunday in December, this order holds a memorial service for their honored dead, and each year the best speakers are secured.

Past Grand Exalted Ruler John Givvin of Cincinnati, will this year deliver the memorial address, and in securing him the committee has been extremely fortunate, for he is one of the best orators in the state and his speech at this time will be particularly pleasing.

Albert A. Stusel has been secured by the committee to deliver the eulogy. He needs no introduction for he is a strong writer, and as he has been a member of the local lodge for many years past, he is eminently fitted to speak of the departed dead.

The entire program for the Lodge of Sorrow will be announced later by the committee which has it in charge.

This is the second Past Grand Exalted Ruler of the Elks who has been secured as the principal speaker for the Memorial day. The first one being Rush R. Holland of Colorado Springs, who spoke here several years ago.
